PROFESSIONAL SKILLS DEMONSTRATED

3web, Plovdiv   September 2017 – August 2018
An outsourcing IT solutions firm located in Plovdiv.
Role: Intern Web Developer with JS
Takes part in the development of websites for clients and constantly learns by reviewing others' code.
• **Interest**: Read the code of many experienced developers and learned standard practices and clean code principles.
• **Team Coordination:** Made sure that I first complete the tasks relevant to others being dependent on my code components.

• **Project Insight**: During my internship I had the chance to work on real client projects. Which improved my terminal, git and deploying skills. My education was mainly focused on JavaScript(React.js, Node.js(express), vanilla, jQuery), HTML5, CSS3 and MongoDB.

TeleTech, Plovdiv   June 2016 – September 2016
Brand ambassadors serving leading innovative companies across the globe, with a range of tailored customer care solutions.
Role: Technical Support
Working with firm CRM to solve clients problems
• **Team Cooperation:** Worked with many colleagues around different sections within the firm to solve our clients technical issues via phone by using the firm CRM software.
